

main technical characteristics **10**

machine for the
registration of the multi layers
PC B S

Maximum board dimensions **800 x 600 mm**

Maximum board thickness **5.5 mm**

Typical work cycle **30 sec**

Set-up time **< 2 min**

Diameter of fixing points **ø 7 mm**

Power consumption **< 4 kW**

Voltage **400 V 3 ~**

Compressed air consumption **30 NI/min**

Maximum pressure for air supply **0.7 MPa**

Weight **430 Kg**

CE approved.

Dimensions **280x98x140 cm**

Working area **380x200 cm**

Working surfaces in aluminium alloy.
